

The Expo Board Game provides an opportunity for students to learn about four companies currently operating and employing people in San Diego North County. Up to four students can play on one device or each student can play on separate devices.

Contained in the Board Game are presentations of information about the four companies contained in two Quizizz about that information (which includes data on the founding of the companies, their mission statements, and their products) and Videos provided by a representative from each company that include answers to...

1. Describe a typical day at work
2. What is it about your company that makes you like working there?
3. What is your educational background?
4. Do you believe that your education prepared you for your job?
5. Were you able to give yourself (at high school age) advice, what would you tell your then high school self?
